

Disclosure of Institutional Graduation and Transfer-out Rates

The overall graduation rate is also known as the "Student Right to Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as **full-time, first-time degree- or certificate-seeking students** to see if they complete a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled.

Some institutions also report a transfer-out rate, which is the percentage of the full-time, first time students who transferred to another institution.

Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate.

Overall Graduation and Transfer-Out Rates for Students Who Began Their Studies in 20182019:

Overall graduation rate: 92%

Transfer-out rate: Not Applicable

Context Notes: ICE offered a full-time schedule for a small program in 2019 and 2020 only. The remainder of ICE's students are not considered full-time students and are therefore not tracked for the Student Right to Know Graduation Rate.

This information is provided in compliance with the Higher Education Act of 1965, as amended. The rates reflect the graduation and transfer-out status of students who enrolled during the referenced school year and for whom 150% of the normal time-to-completion has elapsed.

Please see [College Navigator](#) for more details.
